I appriciate Alan and Candace efforts and works. You can rely on their products, everything is well arranged before shipment so even multi-axis robot can be run only with push-plug operation almost. all security things are already set-up in advance so you dont have to worry about any comissioning and set-up process even you are not in China.

Very good job, many thanks.

非常感谢Candace的协助。你可以信任他们的产品, 所有事情在出货前都处理的非常好。即使是多轴机械手, 几乎只用一个前进后退就可以操作运转。所有安全参数已经提前设置好了, 所以不用担心沟通参数和设置的问题, 哪怕你没在中国。非常棒的配合, 十分感谢。
